ST. JOSEPH'S COLLEGE OF COMMERCE (AUTONOMOUS)

#163, Brigade Road, Bengaluru - 560025

PRESENTS

18th & 19th April, 2022

ST. JOSEPH'S COLLEGE OF COMMERCE (AUTONOMOUS)

St. Joseph's College of Commerce, formerly a part of St. Joseph's College, was established in the year 1882 by the French foreign mission Fathers. In 1937, the management of the college was handed over to the Jesuits, an order renowned for their special focus on education. Loyola College, Chennai, St. Xavier's College, Calcutta and St. Xavier's College, Mumbai are the other premier institutions in India run by the Jesuit Order.

The Department of Commerce was established in 1949. In 1972, this department became an independent college under the name St. Joseph's College of Commerce and the institution became autonomous in the year 2004. St. Joseph's College of Commerce was recognized as a "College with Potential for Excellence" in February 2010 by UGC.

The motto of the College is 'Fide et Labore' ('Faith and Toil'), which serves as an inspiration behind the vision and mission of the college to give shape to a society full of all-inclusive minds to cater to the inherent diversity of our country.

Accredited with 'A++' grade by NAAC, the institution is consistent in its proficiency among the top commerce colleges in the country, ranking 74th under the college category by the National Institute Ranking Framework (NIRF) in 2021.

DHWANI 2022

Dhwani is an inter-collegiate cultural fest that we at St. Joseph's College of Commerce, Bangalore host annually. In addition to it being one of the first of its kind, Dhwani has been of prime significance in the city's festing circuit and has set the standard for nearly two decades. The creative themes and expansive set of events contribute to a unique and ever-evolving festing experience that only gets better with every edition.

The aim of Dhwani is to provide a platform for students across the country to showcase their talents, keeping in mind the priority of curating a wholesome learning experience while providing all-round development along the lines of literature and culture. Dhwani unites the student community and provides them with nothing less than a brilliant experience thus facilitating holistic exchange.

DOMINION OF THE DYNASTIES

Laden with richness, glory and power, the Dynasties that long ruled the Indian sub-continent have journaled tales of unflinching bravery, unshakeable courage, soaring brilliance, cruel treachery, contemporary politics and the intermingling of religion and tradition. The mastery of the arts under the rule of the dynasties have brought out unparalleled expressions of art, music, literature and architecture, each of which are intricately woven into the rich tapestry of our history and heritage.

An ode to the source of our country's profuse culture and tradition, the theme for Dhwani 2022 is 'Dominion of the Dynasties'. As society has progressed with the years, we, at SJCC, are taking it back to our roots, reviving stories of the past. From tables to tombs, crowns to swords, kings and queens, horses and men, the battle now begins!

A fight for the best, this is your chance to stand out from the rest. Claim your throne and take the crown home.

SOCIAL CAUSE

#invisibleillnessawareness

Invisible illnesses may have symptoms such as pain, fatigue, dizziness, weakness, or mental health disorders. Yet they show no obvious visible signs of illness to the observer and hence do not get the empathy and credibility that visible conditions get. Telling people about an invisible illness can be challenging because, as the name implies, it can't be seen by others. This adds to the physical and emotional challenges that battling an invisible illness presents.

Some invisible illnesses are allergies and food intolerances, Cancer, Dyslexia, Depression, Fibromyalgia, Heart conditions, Rheumatoid Arthritis, Lupus, Crohn's Disease, Lyme Disease, Multiple Sclerosis, etc.

Having an invisible illness can impact a person's ability to live their lives the way they otherwise would. Even on days that aren't marked by pain and chronic fatigue, people with invisible illnesses often have limited reserves and have to be very careful in deciding what to spend their energy on, making it difficult for them to live a full and productive life. In addition to the various symptoms of a chronic and invisible illness, people suffering from these illnesses can also experience frustration, guilt, exhaustion, self-doubt and embarrassment. There's no doubt that living with an invisible illness is difficult. Not only are the symptoms painful and exhausting, but the lack of support and understanding can be isolating.

Dhwani 2022 aims to raise awareness about invisible illnesses and how we can support those that suffer from such illnesses.

Want to support those with invisible illnesses but don't know how? Here's a resource that could be helpful in your journey to support those with invisible illness:

- Ishika Gotawat: +91 8 861943963

22. MIME | *bezubdah*

Mime is an act of “dumb” using only expressions and music. It is the dream that takes you through all the emotions and delivers the moral of an event without a single dialogue just by the use of body language and music. True art need not always be loud and impulsive! This is rather a silent approach to realize one's true form.

Rules:
